PROFESSIONAL EXPERIENCE

QA ENGINEER | GRAB GRECO LLP | Bengaluru, India

Sept 2021 – May 2025

- **Architected a hybrid automation framework** using Python, Selenium, and Appium, enabling unified cross-platform testing for Web UI and Mobile App flows.
- **Reduced manual validation effort by 80%** for GenAI-powered chatbots by designing and executing detailed automated test strategies.
- **Mitigated $1M+ in compliance risk** by engineering automated regression packs for Risk, Ops, and Compliance workflows using Postman and Python.
- **Optimized CI/CD pipelines** in GitLab CI and Jenkins, reducing KYB onboarding test cycles from 2 days to 2 hours.
- **Achieved 100% test coverage** for "PayLater" checkout features, ensuring zero-defect production rollouts in a high-stakes Fintech environment.

QA CONSULTANT (CLIENT: GRAB) | OPTIMUM SOLUTIONS PVT LTD | Bengaluru, India

March 2021 – Aug 2021

- **Delivered end-to-end automation** for Web (Selenium) and API endpoints using Postman and REST Assured.
- **Established 100% traceability** by linking business requirements to test cases in JIRA and Zephyr (RTM) for audit readiness.
- **Developed critical mobile and web flows** using Python and Ruby, resulting in a full-time conversion offer at Grab.

SENIOR QA ENGINEER | GLOBAL EDGE (CAPGEMINI) | Bengaluru, India

Sept 2016 – Jan 2021

- **Engineered Appium automation scripts** for Samsung Bixby IoT assistant apps, ensuring compatibility across diverse iOS and Android hardware.
- **Increased regression efficiency to 83%** by implementing a BDD-driven framework integrated with Jenkins CI.
- **Authored comprehensive Test Plans** for healthcare mobile flows, prioritizing accessibility and network performance metrics.

TECHNICAL PROJECTS

MOBILE AUTOMATION ARCHITECT (ENTERPRISE PORTFOLIO)

- **Designed a modular Appium 3.x framework** using Pytest and the W3C protocol to support Android 14+ environments.
- **Integrated Sauce Labs Real Device Cloud** for high-fidelity remote execution, decoupling environment setup from business logic via `conftest.py`.
- **Implemented Allure Reporting** dashboards, providing interactive visualizations and step-level evidence for stakeholder review.

EDUCATION

- **M.Tech in Computer Science** | PES University, Bangalore
